

## Advantages & Drawbacks of Cloud

- **Advantages of Cloud Computing**

1. *Pay On-Demand: don't need to own hardware*
  2. *Reduced total cost of Ownership(TCO) & Operational Expense(OPEX)*
  3. *No need to guess capacity*
  4. *Increase speed and agility*
  5. *Can go Global in minutes.(eg. AWS global infrastructure)*
- 

- **Drawbacks of Cloud Computing**

1. Security
2. Privacy
3. Vendor lock-in
4. Network-dependent
5. Migration
